From the number of applications for permit to cut timoer on the non-mineral land received by the department of the interior, and referred to this office for investigation, it is apparent that an erroneous impression exists among those interested in the vocation of cutting timber and manufacturing the same into lumber or other product, as to where their application should be tiled.

These, like all other matters relating to the public domain, should be flied in your office, and transmitted in the usual way to this office for appropriate ection.

The fall term of our district court.

The fall term of our district court will open November 17. Under the last session laws the calling of a grand jury rests with the judge and county commissioners. For some unknown reason Logan county is not to have a grand jury this coming term. The county commissioners and the judge seem to have a grand jury this term. Judge 5 tooksisyer has therefore only issued an order for trial jurors, and the following names have been drawn from the box: H. S. Hoffses, W. H. Gusier, V. V. Hail, Gus Wanigemuth, J. M.
